

**Our Mission:** We want to make sure any athlete who wants to play a team sport in our community, regardless of household financial situation, doesn't have to sit on the sideline and watch the other kids score.

Young people learn teamwork, leadership, and many other social skills through participation in team sports. Kids get exercise, and sports provide an outlet for energy. Studies have suggested sports involvement helps keep children safe and out of trouble. But, most of all, they have fun and develop lasting friendships.

**What We Do:**

H.A.S. Foundation provides need based scholarship opportunities to young athletes to participate in recreational team sports.

**How We Do It:**

We rely on donations from individuals and organizations who believe in the value of children participating in team sports.

**Who We Help:** Eligible applicants must be enrolled in school, live or play in Cobb County, and demonstrate a financial need as well as meet other eligibility criteria as outlined by the foundation. Full eligibility and guideline criteria are available on our website.

**What We Require:** Each participant must contribute a small amount to their registration fee as well as commit to attend at least 80% of scheduled practices and games.

**Programs We Support:** Currently, H.A.S. Foundation, Inc. supports recreational programs for the following sports: baseball, basketball, football, lacrosse, soccer, softball and volleyball. We will partner with any local organization that offers these sports.
